

Studio Pacific Architecture – November 2021

International advertising for Architectural and Landscape roles

ARCHITECTURAL & LANDSCAPE ARCHITECTURE VACANCIES

Are you looking to return to the shores of Aotearoa? Or looking for a change in 2022? Come and join our cross-disciplinary team in the capital of Aotearoa. Based on one of Wellington's renowned locations, Cuba Street brings a lot of colour, vibrancy and quirkiness to the capital.

We have a number of opportunities for architectural and landscape roles within our vibrant Wellington Architectural Practice. Studio Pacific Architecture has an established reputation for award winning architecture, landscape, urban design, and interior projects.

We are looking for experienced architectural and landscape professionals to join our team working on a range of exciting projects around New Zealand. The successful applicant will have excellent design skills, strong CAD (preferably ArchiCAD) skills, be passionate about design and the environment with a strong technical background, be adept at collaborating within cross-disciplinary project teams, and have the ability to contribute to the design and documentation of our diverse range of projects.

We offer a flexible, inclusive and creative working environment with opportunities for part-time work, a variety of exciting projects, and career support and development for our people. Other benefits include health insurance, an endless coffee and fruit supply, frequent social events and Studio sponsored sports teams.

There will be an opportunity for remote working and flexible working arrangements, particularly as the initial stages of employment may be before borders are fully opened to and from Aotearoa.

If you have the following attributes, skills and experience, we would love to hear from you:

Key Attributes

- Creative and collaborative designer;
- Strong written and oral communication skills;
- Excellent design ability;
- High level of thoroughness and attention to detail;
- Quick and willing learner.

Key Skills and Experience

- Minimum of 4 years' industry experience;
- Masters or Bachelor's Degree in Architecture or Landscape Architecture;
- Strong CAD Skills (preferably ArchiCAD);
- Strong technical ability and interest;
- Excellent design and 3D modelling ability;
- Illustrator, InDesign and Photoshop knowledge/skills;
- Experience in the documentation and construction of built projects.

If you have these qualities and would like to play a key part in our exciting body of projects and develop your career within an excellent culture and cross-disciplinary team, please send your CV, covering letter and a sample of your portfolio including 5-10 examples of your work.

Paula MacDonald

Principal - People and Practice Manager
